At Fair Lawn Public Library

Citizens' Climate Lobby (CCL) is a national non-profit, non-partisan, grassroots advocacy organization focused on national policies to address climate change. At this interest meeting, you will learn about CCL's carbon fee and dividend proposal and how CCL members build relationships with elected officials, the media and within their local communities to generate political will for action against climate change.

If you would like to attend this meeting or might like to become involved with CCL, please RSVP to [kimi@thewei.com](mailto:kimi@thewei.com) (RSVP is requested, but not required). CCL training is completely free.

If you can't make the meeting and are interested in learning more, please let me know! I welcome emails and phone calls.
